Fun Facts

The World’s Largest Pyramid isn’t in Egypt
The Great Pyramid of Cholula, located in Cholula, Puebla, Mexico, is the largest pyramid in the world and—with a base four times the size of the Great Pyramid of Giza—also happens to be the largest monument ever constructed anywhere. Part of the reason it’s not better known may be that it happens to be buried under a mountain.

“Jingle Bells” was written for Thanksgiving, not Christmas.
The song was written in 1857 by James Lord Pierpont and published under the title “One Horse Open Sleigh”. It was supposed to be played in the composer’s Sunday school class during Thanksgiving as a way to commemorate the famed Medford sleigh races. “Jingle Bells” was also the first song to be broadcast from space.

Department of Justice Revisions

The Department of Justice (DOJ) has made the following revisions to the DOJ Grants Financial Guide. Changes implemented below were effective as of November 23, 2018:

Chapter 3.2: Period of Availability of Funds; OJP Specific Tip, page 33. Revised language regrading period of availability of funds as it relates to VOCA funding:

*Some grants administered by the Office for Victims of Crime (OVC) are available for the federal fiscal year of the award plus the following three fiscal years. The Victims of Crimes Act (VOCA) of 1984 states that VOCA funds are available during the federal fiscal year in which the award is actually made, plus the following three fiscal years. At the end of this period, VOCA funds will be deobligated. OJP has no discretion to permit extensions beyond the statutory period. (E.g., VOCA funds awarded in FY 2018, are available until the end of FY 2021.)*

Chapter 3.5: Adjustments to Awards; Grant Adjustment Notice, Budget Modifications, pages 48 & 49. Increased the budget modification threshold from $150,000 to $250,000. On page 51, removed references to “$150,000” and replaced them with “simplified acquisition threshold.”

Chapter 3.8: Procurement under Awards of Federal Assistance; Procurement Standards — General Guidance: DOJ, consistent with directives to Federal agencies included in Office of Management and Budget Memorandum m-18-18, entitled “Implementing Statutory Changes to the Micro-Purchase and the Simplified Acquisition Thresholds for Financial Assistance,” increased the simplified acquisition threshold from $150,000 to $250,000 and the micro-purchase threshold from $3,500 to $10,000, for federal grants administrative purposes.

*Financial Management Tip, page 64. Added language specifying micro-purchase threshold and simplified acquisition threshold.*

As specified in this section (3.8) and as applied elsewhere throughout the Guide, the “simplified acquisition threshold” is $250,000 and the “micro-purchase threshold” is $10,000, for federal grants administrative purposes. See the provision under the heading, “DOJ Implementing Provision Regarding Financial Assistance Acquisition Threshold Changes in OMB M-18-18,” (next page of newsletter).

*Noncompetitive Practices, page 66. Revised language regarding threshold for prior approval of non-competitive approach to sole source procurements:

All sole source procurements in excess of the simplified acquisition threshold must receive prior approval form the grant-making component before entering into the contract.

*Noncompetitive Practices, page 66. Added note regarding procurement threshold changes*

DOJ Implementing Provision Regarding Financial Assistance Acquisition Threshold Changes in OMB M-18-18

Notwithstanding any grant award term or condition specifying a different threshold (specifically including the award condition entitled, “Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed $150,000”), and consistent with the provisions of an Office of Management and Budget memorandum, OMB M-18-18, dated June 20, 2018, and entitled, “Implementing Statutory Changes to the Micro-Purchase and the Simplified Acquisition Thresholds for Financial Assistance,” DOJ will allow recipients (and any subrecipients) to use a simplified acquisition threshold of $250,000 and a micro-purchase threshold of $10,000, for federal grants administrative purposes.

Chapter 3:10: Updated Conference Cost Submission Form. The new form includes the following updates:

Revised NIH Grants Policy Statement for Fiscal Year 2019

NIH has released a revised Grants Policy Statement that applies to all NIH grants and cooperative agreements with budget periods beginning on or after October 1, 2018. This revised version does not introduce new policies, but it does incorporate all policy changes or updates made throughout the previous year and includes significant enhancements to improve the user interface, navigation, and search.

Chrome River Deadlines for Winter Break

Moving Expense reimbursements and supporting documentation were to be submitted by departments and received by Financial Services by 5:00 PM Friday, December 7, 2018. Departments are encouraged to initiate, complete and approve their Chrome River documents by 5:00 PM on Friday, December 14, 2018. Contract and Grant Accounting will strive to approve expense reports so that payments can be made by Thursday, December 20, 2018. If a report is not in an approvable form (i.e. it has errors or needs to be returned for correction), or if it is received after 5:00 PM on Friday, December 14th, we cannot guarantee that the report will be reviewed and approved before Winter Break.

Subaward Invoice Reminder

Per the Uniform Guidance, we are required to pay all subaward invoices within 30 calendar days of receipt unless we believe the invoice is in error. With the Winter Break coming up, this means any subaward invoices received December 2nd or earlier will need to be approved and paid before Winter Break. Invoices received December 3rd or 4th should be approved before Winter Break. Please keep this in mind if you have subaward invoices in your Workflow queue. Thank you!
Cayuse Corral

Notice about Budgets in Cayuse 424:

An upgrade to Cayuse 424 added a Fringe dropdown box that defaults to excluded (see Figure 1.)

The Fringe dropdown box should match the Indirect Cost Types for Req. Salary Dropbox to the left of it, which is auto-populated by information filled out in a previous screen (see Figure 2.)

If the dropdown remains at excluded it will exclude fringe from the IDC rate and the budget will be incorrect.

Cayuse is aware of the issue and will have a fix in the next upgrade.
